Prof. Campbell Retires.

Prof. C. W. Campbell in retiring from his school work in the Clay City Graded school has given good service in four years hard work and will certainly leave the school in a thriving condition. He has been faithful in the performance of his duty to every pupil under his care. He has kept a good attendance, not what it should have been, but has done all in this particular that could have been done by any teacher, and the parents or guardians are alone responsible because all scholars did not attend. Prof. Campbell has held a better attendance than most of his predecessors, and one thing sure, those who did attend received correct instructions.

All that has been said of Prof. Campbell may also be said with equal truthfulness of Prof. Tracy and Mrs. Ware, who have had charge of the two lower positions in the school. There has absolutely been no dissatisfaction in the Clay City Graded school the year past, and this is something very unusual to say of all retiring teachers in any school.

Prof. Campbell will remain in Clay City and likely engage in the evangelical work for the Christian church and work out from this city.

Valuable Subscriber Offended.

When the new postal law requiring publishers to stop sending papers to subscribers where they were more than one year in arrears, went into effect Jan. 1st. We were then forced to cut off 300 valuable names from our valuable list. We thought of no one taking umbrage at our action in complying with the law. We sent statements to all who owed us to the limit and told them that we were compelled to cut them off and did so. One of our very best paying subscribers, who happened to get twelve months behind took it as a personal reflection on his credit when we stopped his paper as we did all others. He has paid us up but said he wouldn't subscribe any more since we had stopped it on him.

We regret this, but we are greatly surprised that more of them didn't do likewise when we were forced to cut them off. This subscriber didn't really understand that we had to cut him off if he had he would not have done as he did. He is a reasonable man and we know he will be with us again.

See our line of Walk-Overs for men, in Oxfords and Shoes. In Tans, Blacks and Patent Leather. Hardwick & Company.

Twelve Months Dead Line.

By order of the Postoffice Department all weekly papers can no longer be mailed as second-class matter to subscribers twelve months or more in arrears. In complying with this new ruling we have been compelled to cut off 300 names, and all subscribers from this time on will have to be promptly dropped when their subscription becomes twelve months past due. Please keep yourself from under the dead line by paying one year in advance. Publisher.

CITY COUNCIL MEETS.

The Clay City Council met in regular session Friday night, May 1st. The regular routine of business was disposed of until after the various regular bills were allowed as follows:

A. P. Johnson, Marshal, . . .	\$40 00
A. T. Whitt, Treasurer, . . .	5 00
Luther Loving, Clerk, . . .	5 00
Prof. Campbell, 8th mo. salary	55 00
Tracy, . . .	45 00
Mrs. Pattle Ware, . . .	35 00
A. Rucker, janitor, . . .	1 50
J. H. Barker, . . .	1 50
Mesker & Bro., iron fence, . .	45 00
Ed Neal, work on fill, . . .	5 00
Geo. Alford, . . .	1 87

The resignation of Councilman C. C. Eaton was read and accepted. H. C. Warmouth was elected to fill the vacancy and was immediately sworn into office by Judge Fletcher and took his seat.

The Marshal's report showed \$11 collected on fines and \$12 on taxes. The clerk reported \$5 00 collected on license.

The election of teachers was then taken up which resulted in Miss Nannie Tracey, of Lexington, being selected Principal; Miss Mary Shimfessel First Assistant, and Mrs. Annie Derickson Second Assistant. The salaries were fixed at \$50, \$40 and \$30 per month, respectively.

The Clerk was instructed to draft an ordinance imposing fine according to Kentucky Statutes against any owner or occupier of mill race when they fail to keep same properly bridged.

The meeting then adjourned until Saturday night. There was not a quorum Saturday night, and the council adjourned till Monday night at which time again there was no quorum. So the council adjourned until the regular June meeting.

The Lot Sale.

The sale of town lots in Patrick's addition at Stanton yesterday conducted by the American Land Company was a success in every particular. The sale was well advertised and a large number of prospective bidders were present. Sixty-five of the seventy-three lots advertised were sold, bringing in price from twenty-five to one hundred and fifty dollars.

These lots as previously mentioned in these columns adjoin the new college building now in course of erection, and are high dry lots. They are very valuable, and the American Land Company who held the sale know about their business and certainly did well in disposing of them.

Mrs. Lizzie Herron is visiting friends in Grayson county, and expects to move there soon. Mrs. Herron is moving away for the sole reason that she could not get suitable property in this town. A pointer for knockers—Clay City not dead yet.

DISTRICT CONVENTION.

The District Republican Convention at Winchester Tuesday was a real interesting affair, Taft sweeping everything.

T. B. Blakey, of Beattyville, was elected chairman of the convention. Every county was represented with but one contest, this from Knott county. The Taft delegates were seated.

An attempt to indorse for Fairbanks was lost by a vote of two to one.

John Langley was renominated for Congress by acclamation. James A. Wallace, of Irvine and Allen Cisco, of Morgan county, were chosen delegates to the National Republican convention. Walker Jameson, of Lee, and the Rev. Timothy Timberlake, colored, of Winchester, were named as alternates. Noah Magowan, colored, of Mt. Sterling, was indorsed for delegate from the State at large. J. J. Moore, of Pike, was chosen as presidential elector. H. G. Garrett, of Clark, R. N. Winn, of Montgomery, and James A. Williams, of Johnson, were nominated for district chairman. On the first ballot Winn received as large a vote the others withdrew and he was chosen unanimously.

The protracted meeting at the Christian church was concluded Tuesday night which resulted in fifty-five accessions to the church and a great revival of the membership. Bro. Combs did the preaching and proved to be a great power in revival meetings.

Bridges Accepted.

A. E. Rankin, of Augusta, Ky., State Agent Champion Bridge Company, was in the city yesterday. Mr. Rankin had been to Stanton where he had turned over the two bridges—one at Bowen and one at Stanton—that his Company had put up for the county this winter. There was some question about the bridge at Bowen being too low, but when compared with the contract it was found that the company had put the bridge one foot and one inch higher than the contract called for, so the county received the bridge without further question.

The Champion Bridge Company may always be depended upon to put up contract work and according to contract. They have built every bridge in the county and all are satisfactory to the people.

The dates for the Farmers' Institutes have been set. The institute will be held in this county at Stanton, August 4 and 5. These institutes should be of much value to farmers, but they have not in the past seemed to realize their value in this county. The attendance has always been slim and the interest light. It is hoped that Powell farmers will wake up and come out this fall and show a keen interest in the Institute.

Wm. Moore, who has been engaged at Sardis, Miss. for some weeks returned for a visit to home folks last week. He reports all of the Clay City colony there doing well, and says corn is now knee high in that part of the Southland.

Where the Increased Wealth Goes.

A city paper boasts that as now New York City is worth 14 billions of dollars which is double its assessable property ten years ago. This is true but tell us where is there any country property in any old settled state that has doubled in value. This only goes to show that the great increase of wealth in this country principally goes to the cities, and that the legislative laws are all favorable to the business of the cities instead of to the sons of honest toil on the farm who really produces all sources of wealth, but must give much the greater share of it to the city slick haired tinselled four-hundred set.

It is not just, it is a sin, and why then should anybody wonder at the outbreaks of the tobacco men who have been making a living for themselves and fortunes for the other fellows? 'Tis time to quit.

A Serious Problem.

The most serious problem confronting the retail merchants of the country today and the one that is giving them the most concern is that of the so-called mail-order system—the retail catalogue house trade.

This is the era of combinations trusts, both financial, industrial and commercial. But the most menacing trust in the world today is the commercial combination that tends to destroy the retail business of the country by diverting the trade from its natural channels to the great money centers. Not satisfied with the merchantile field, these commercial trusts are also seeking to become the financial depositories for the rural districts by opening bank departments, and as an inducement to the farmer offers him six per cent. on deposits.

The Governor says his soldiers have killed sixteen night riders. He says he knows the leader of the night riders. The Governor must make good or find himself in a most humiliating position. He must capture the leader of the night riders and his lieutenants. He must give the names of the dead night riders killed by his soldiers, with details of the

fight in which they were slain, or stand before the state not only humiliated, but discredited.—Evening Gazette.

Gov. Willson claims to be hard at work on the records of the Powers-Howard trials and their petitions for full pardon and thinks he can reach a decision today or tomorrow. That decision was reached the day he was elected Governor of Kentucky, and the records will have nothing to do with it, mark our prediction.

The free bidding and satisfactory prices realized from the big sale of lots at Stanton yesterday demonstrates at least three different things: It takes foreigners to do things for us; There is a boom in Stanton real estate; the game don't count with Powell people.

Gov. Willson has an excuse for not attending the State Republican convention that he is too busy studying on the Powers-Howard petition. He displays horse sense in not attending the convention, but finds a fallacious excuse for not doing so.

The district Republican Convention at Winchester Tuesday was quite a different meeting to the one held last Saturday, so far as the instructions for President are concerned. The action of the county convention now knows what it is to be reversed.

The Society of Equity has a standing reward for the conviction of any "night rider" who is a member of the society. Has any body ever heard of the American Tobacco Company offering a reward?—Dover News.

This cool weather is merely a reaction of the cold treatment Fairbanks received from the hands of these "ungrateful and heartless" Kentucky Republicans.

A town with mud roads radiating therefrom, has no better chance to grow than a tree during a Western hurricane. The roads are to a town what the branches are to the trunk of a tree.

Bradley says he is no worse than the sheol stirred up among Louisville Republicans. We know that's so, because Bradley raised the stir.

What a lot of pie has been lost by the Fairbanks Republicans in their action last Saturday.

seems that we needn't expect much settled weather until after the convention season.

Ganderbone's May Forecasts.

The pass word for the month will be, "what's the score?" Book installments will be paid on the 1st. Gas meters will run slower, and presidential candidates will run faster. Pride, which has been going before a fall, will go behind a gocart. Strawberry measure will be:

Twelve quarts make a crate,
One pint makes a quart,
Top berries make a sale,
Nobody makes a kick.

Mr. Taft will appear at Chicago, and engage quarters in the garage for one 40 horse power elephant, and one 90 horse power Teddy Bear. Mr. Bryan will start for Denver in a 1-mule power runabout. Congress will adjourn about the 16th, and the members will go home and explain.

The watchful tabbycat will get
The helpless little flicker,
And the prohibitionists will set
A few more traps for liquor.

The sun will rise at 6 o'clock and go to bed at 7; and the sweet June bride will contemplate the near approach of Heaven. The breath of May will bring the fern, the rose and buttercup, and the farmer's wife will milk and churn before the men get up. The boys will skin the slippery elm with Jimmie's barlow-knife, and the ice man will be out to skin the innocent housewife. The frog will sound a richer bass from rivers and ravines, and man will tone his system up with sassafras and greens.

And then the city boarder will
Begin to correspond
With some bucolic country place
Of which his wife is fond.
The host will promise country fare,
That most revered of boons,
And place his order up at town
For seven tons of prunes.

The graduate will choose a theme for his great June oration, and plan to tell us what is good for this neglected nation; the music school will graduate Ophelia and Viola, and when they both come home they'll buy themselves a pianola.

The saxons called the month Tri-Milki, because at this season the dairyman makes his milk of three parts—one part milk, one part water, and one part from aldehyde.

After the 23d, May will be under the influence of Gemini, the sign of the arms. They will be soldiers, and work for the government at \$13 a month.

Gemini people are restless. They move all the time, and you always have to ask them where they are living now. They have brilliant imaginations, and think Bryan will have a walk over. They are foolish, and think Taft won't get the colored vote. They are brutally honest, and generally tell the young mother that her baby is ugly.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

DALVAY.

Chesnut horse 6 by the Commoner (son of Hamover and Marguerite by Algerine) dam Lavissa by Brutus, second dam Llen by Fonso, third dam Accident by Camda. Bred and raced by Talbot Bros., Paris, Ky., and sold as a three-year-old to M. H. Tichenor, of Chicago.

Dalvay's only start as a 2-yr.-old was at Washington Park track, Chicago, on July 14, 1903, when he ran unplaced in a purse race won by Blumenthal with Dugannon second and Martins third. As a 3-yr.-old, however, he was well high invincible, being inside the money in each of his starts. With a single break, where he finished second, Dalvay won eight straight races, beating the best horses at the Chicago track. The following is his record for the year 1904:

June 29, Hawthorne—Purse, three-year-olds, 6 furlongs—Peter J. Somers 122, won; Dalvay 114, second; Singing Master 111, third; Fourteen Starters. Time, 1:15 2-5 \$85.

July 4, Hawthorne—Purse, 2-yr.-olds, one mile—Annulus 109, won; Dalvay 102, second; Miss Crawford 101, third; Seven Starters. Time, 1:41 3-5, \$75.

July 16, Harlem—Purse, three-year-olds and upward, 7 furlongs—Dalvay (3) 93, won; Don't Ask Me (5) 111, second; Comrade (3) 98 third. Ten starters. Time, 1:27 3-5, \$105.

Fatally Stabbed.

Ed Callahan was fatally wounded by his brother-in-law, John Spicer, at Callahan's store on Lost's Creek, Breathitt county, and Spicer was in turn shot and killed by Callahan's 17-year-old son, as a result of a quarrel between Callahan and Spicer. Spicer was a brother of Mrs. Callahan, who is now separated from her husband. Callahan brought suit for divorce several months ago and this is supposed to have been the cause of the trouble. Two other men were killed in Breathitt county the same day Callahan was wounded.

(three in number) Europe's greatest riders, and twenty equestrian associates; forty jymns subjects of King Monus in a gleeful sufficiency, and more than a hundred other foreign and American features in three rings and an elevated stage, and introducing Monster Herd of trained elephants, Big Realistic Wild West School of Wonderful Trained Menage Horses, Great Musical Ballet, and 300 Daring Gymnasts, Nimble Acrobats, and talented acrobats.

The Robinson show has always been famed for its menagerie, and this season finds the zoological annex the most complete ever carried by a tented show, comprising costly and rare animals from every section of the globe. This splendid array of animal talent will be seen in the big daily street parade, pronounced by all as the most gorgeous elaborate pageant of modern times, comprising more than a mile of gold encased wagons, elephants

and 500 of the finest horses. This is the only big show that is put in the circus trust and no advance in the prices will be made.

Hygeno

DIP AND DISINFECTANT

THRIFTY LIVE STOCK

The all important question with the farmer and live stock raiser is how to produce the most beef, pork or mutton with the smallest expense. The only answer is, prevent disease rather than try to cure it. Hygeno—dip and disinfectant is a powerful germicide and positive insecticide. Used occasionally as a dip and spray it will keep the livestock in a healthy and thrifty condition. Hygeno costs less than one cent a gallon when diluted and we can positively say it will cost you more if you do not use Hygeno than it will if you do. If your dealer cannot supply you with Hygeno, send us his name and we will take care of you and mail our Health Book and free sample.

LETTERS FROM USERS OF THE Syracuse "EASY" Washer

"Your machine is a complete success. I learned more about washing out of your little booklet than I ever would have from all the women you could stand in a row. I have been paying \$1.25 a week for washing when I can do the same in two hours with the 'EASY'."

"We have tried the 'EASY' and find it just as you represent it and the only washer I ever saw that does the washing clean without rubbing on the board. It is easy to work and does the washing thoroughly. It certainly lives up to its name."

Make the washing easy for one-twelfth of the year at our expense. Wash everything washable in the house. If you cannot make the 'EASY' earn its price during the house-cleaning season return it at our expense.

Pages 26-27 of our free book on Washing Formulas give you valuable information on washing formulas.
